EXPERIENCE

2020 - 2020 NPOR - RESERVE OFFICERS PREPARATION CENTER

Brazilian army

Training of a temporary army officer where I was able to develop several skills such as resilience, discipline, leadership and teamwork. Also, I learned about military training by being a standout in one of the subjects.

2022 - 2022 PROJECT ENGINEER INTERNN SIG Group

Work where I was able to relate university knowledge with practice. I led projects from conception, feasibility, execution to completion.

EDUCATION

2015 - 2018 High School Colégio e Curso Positivo

2020 - 2020 Army Officer training Brazilian army

2019 - Present Mechanical Engineering UTFPR - Federal Technological University of Paraná

COURSES

- 2021 - Present English Course
InFlux / Phill Young's
- 2023 - Present Web developer
RocketSeat
- 2023 - 2023 Instrumental english
Personal teacher
- 2023 - 2023 Python Starter
Asimov Academy

EXTRA ACTIVITIES

- 2012 - 2018 Drummer
La Salle Orchestra - Niterói, RJ
- 2012 - 2016 Volunteer Work
School ministry
- 2019 Volunteer Work
NGO Sonhar acordado
- 2020 - Present Triathlon and running
athlete

ABOUT ME

Mechanical engineering student and programming enthusiast. I look for companies that seek innovation where I can learn every day and perform to the fullest of my potential. I consider myself a lover of big challenges and someone willing to reach them. I believe that excellence lies in simplicity and I strive to achieve it every day.
